DPME   
CONSULTING  
ENGINEERS

### **Nile Hilton Renovation & Development (2006-Cont.) - Egypt.**

- Owner : Misr Hotels Company.  
 Consultant : Ove Arup & Partners Ltd.  
 Location : Cairo – Egypt.  
 Area : 51,000m<sup>2</sup>(Plot Area).  
 Budget : \$ 45 Millions.  
 Description : Main building and extension - (466) hotel rooms accommodation; main building consists of basement, ground, mezzanine, first, (15) typical floors and roof. extension building consists of (3) wings, north and east wings are (3) floors height where the south consists of basement and (4) floors.  
 Services : Preparation of design drawings and documents, provide tender analysis and evaluation for the electrical, plumbing, fire fighting, air-conditioning, boilers, kitchens setting out and decorative lighting systems.

### **Golden Tower (2005 - 2006) - Qatar.**

- Owner : Sheikh Faisal Bin Qassim Al Thani.  
 Consultant : Al Diwan Office.  
 Location : West Bay - Qatar.  
 Area : Total area 42,000 m<sup>2</sup>.  
 Budget : \$ 35 Millions.  
 Description : Project consists of (3) basements, ground , (31) floors, health club, mechanical floor, lower roof and upper roof.  
 Services : Shop drawings of electrical, plumbing, fire fighting and air-conditioning systems.

### **Al Dammam Mall (Al Othaim Group) (2005 - 2007) - KSA.**

- Owner : Al Othaim Commercial Group.  
 Consultant : Diaa Consultant.  
 Location : Al Dammam City.  
 Area : 300,000 m<sup>2</sup>.  
 Budget : \$ 275 Millions.  
 Description : Project is a commercial mall consists of (basement, ground, first floor and second floor includes retail shop, recreation, food court, skating, car parking and mosque areas, consists of two buildings connected to each others by flying bridge over high way road.  
 Services : Design of electrical, air-conditioning, plumbing and fire fighting systems.

### Al Karadawy Building (2007-2007) - Qatar.

**Owner** : Dr. Yousif Al Karadawy.  
**Consultant** : Al Gazeerah Consulting Office.  
**Location** : Doha - Qatar.  
**Area** : Total area 13600 m<sup>2</sup>.  
**Budget** : \$12 Millions.  
**Description** : Project consists of basement, ground mezzanine and five typical floors.  
**Services** : Design drawings and documents for electrical, plumbing, air-conditioning and fire fighting systems.

### Dubai Airport (2006) - UAE.

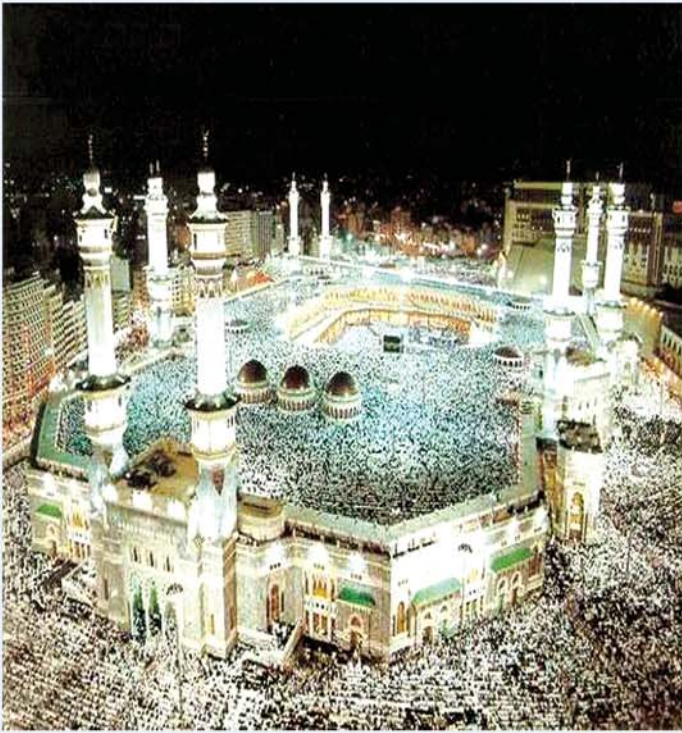

**Owner** : UAE Government, Civil Aviation Department.  
**Consultant** : Dar Al Handasah.  
**Location** : Dubai.  
**Area** : 600 m<sup>2</sup> x 8 Units.  
**Budget** : \$ 6 Millions.  
**Description** : (8) electromechanical services units in fifth basement floor- zones (141, C15, C03, C05, C17, C07, 125), including technical services rooms.  
**Services** : Shop drawings for electrical, plumbing, fire fighting and HVAC systems, the drawings includes comprehensive details with full coordination between different electromechanical disciplines.

### Juhayna Factory (2000 – 2004) – Egypt.

**Owner** : Juhayna Food Industries.  
**Consultant** : Integrated Design Office.  
**Location** : 6th of October City.  
**Area** : Total Area 17,000 m<sup>2</sup>.  
**Budget** : \$ 20 Millions.  
**Description** : An extension of Juhayna dairy products factory, includes an administrative building and stores.  
**Services** : Design and supervision of plumbing and fire fighting systems.  
 Design and supervision of water supply, sewerage, storm drainage, irrigation and fire fighting networks.

### **Masa'a Extension Project Makkah Holy Haram (2007 - cont.) - KSA.**

**Owner** : Masa'a Extension Project, Makkah Holy Haram.  
**Consultant** : Dar Al Handasah.  
**Location** : KSA.  
**Area** : 29,400 m<sup>2</sup>.  
**Budget** : \$ 86 Millions.  
**Description** : Building consists of basement, ground, first floor, second floor and four typical floors .  
**Services** : Shop drawings of electrical, plumbing, fire fighting and HVAC systems.

### **Al Owaina Tower (2006 - 2007) - Qatar**

**Owner** : Mr. Zayed Mansour Al Khayareen.  
**Consultant** : Design & Consult Bureau.  
**Location** : Qatar.  
**Area** : Total area 20,000 m<sup>2</sup>.  
**Budget** : \$ 23 Millions.  
**Description** : Project consists of (3) basements, ground and 14 typical floors penthouse.  
**Services** : Design drawings and documents of plumbing, fire fighting, air-conditioning and ventilation systems.

### **Ericsson Adcom Building ( 2004-2005 ) - Egypt.**

**Owner** : ADCOM company for real-estate investments.  
**Consultant** : Nasr Consultant.  
**Location** : Smart Village - Cairo.  
**Area** : 8400 m<sup>2</sup>.  
**Budget** : \$10 Millions.  
**Description** : Administrative building consists of ground and five typical floors including meeting rooms, copy center, work stations and waiting area.  
**Services** : Review of design and construction supervision of electrical, air-conditioning, plumbing and fire fighting systems.

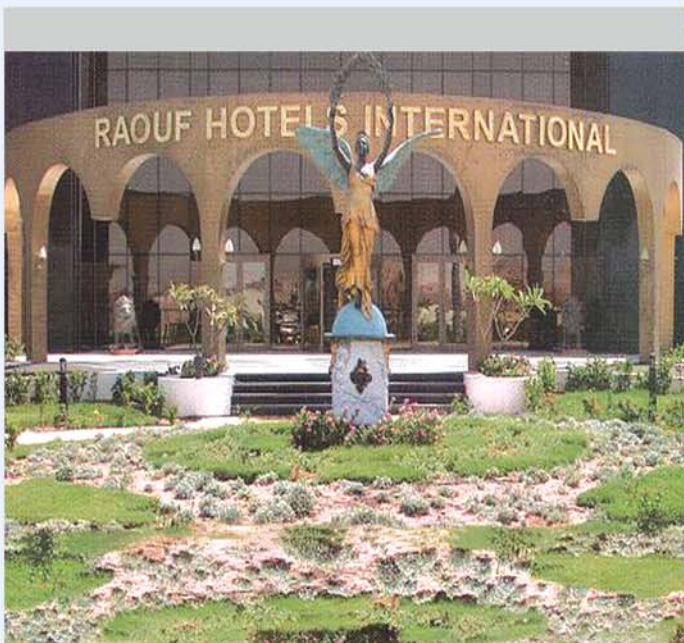

### **El Sheikha Palace (2006 - 2007) - Qatar.**

Owner : El Sheikha Sheikha.  
 Consultant : Al Saraya Engineering Consultants.  
 Location : Wabe Street - Qatar.  
 Area : Total area 20,000 m<sup>2</sup>.  
 Budget : \$ 12 Millions.  
 Description : Main Villa - Club house - Mosque - Majles.  
 Services : Supervision of electrical, plumbing, fire fighting and HVAC systems.

### **Qatar Islamic Bank (2006-2006) - Qatar.**

Owner : Qatar Islamic Bank.  
 Consultant : GHD Consultant.  
 Location : Qatar.  
 Area : Total area 15,000 m<sup>2</sup>.  
 Budget : \$ 17 Millions.  
 Description : Project consists of ground and first floor.  
 Services : Shop drawings for electrical, plumbing, fire fighting and air-conditioning systems.

### **Al Raouf Hotels (1999 – 2002) - Egypt.**

Owner : Al Raouf Tourist Development Co.  
 Consultant : Art & Architectural Office.  
 Location : Sharm El Sheikh.  
 Area : 70,000 m<sup>2</sup>.  
 Budget : \$ 75 Millions.  
 Description : Project consists of three, five stars hotels (Moon – Sun – Star) capacity (800) rooms, (3) large swimming pools, (3) children swimming pools, artificial lake, service buildings, recreational areas and employees residence.  
 Services : Design and construction supervision of plumbing, fire fighting systems, water supply, sewerage, storm drainage, irrigation, fire fighting networks, waste water treatment and water desalination plant.

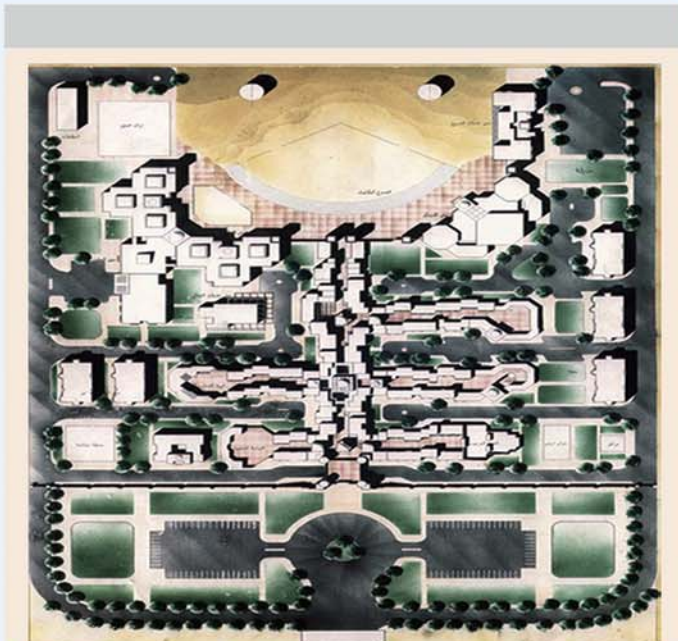

## Niger Islamic University (2002-2003) – Niger.

- Owner : Saudi Islamic Bank.  
 Consultant : International Consulting Bureau.  
 Location : Niger.  
 Area : 50,000 m<sup>2</sup>.  
 Budget : \$ 50 Millions.  
 Description : Consists of (3) administrative buildings, (4) students residence buildings, libraries, restaurants, (4) islamic studies colleges, institution, (7) villas for teachers residence and mosque.  
 Services : Design of electrical, air-conditioning, plumbing and fire fighting systems.  
 Design of electrical power, communication, water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.  
 Design of waste water treatment and water desalination plant.

## Millennium Hotel (2005 - 2007) - Qatar.

- Owner : Nasser Rashid Suraiya Al Kaabi.  
 Consultant : Al - Sraiya Engineering Consulting.  
 Location : Al Sadd - Doha City.  
 Area : 33,000 m<sup>2</sup>.  
 Budget : \$ 35 Millions.  
 Description : Project consists of basement floor, ground floor, first floor, typical floors from second to seventh floor (swimming pool, healthy club, kitchens, ... etc).  
 Services : Construction supervision for electrical, plumbing, air-conditioning, ventilation and fire fighting systems.

## Alf Leilah Weleilah Tourist Village (2000) – Egypt.

- Owner : Al Patrous Company Mr. Kamel Abo Ali.  
 Consultant : Integrated Design Office.  
 Location : Hurghada.  
 Area : 100,000 m<sup>2</sup>.  
 Budget : \$ 45 Millions.  
 Description : Tourist village includes a hotel, commercial center, restaurants, artificial lakes, green areas, recreational and cultural center, open theater and large swimming pools.  
 Services : Design of plumbing, fire fighting systems, water-supply, sewerage, storm drainage, irrigation and fire fighting networks.  
 Design of waste water treatment and water desalination plant.

## **Buraydah Residential Compound (2003 - 2004) - KSA.**

**Owner** : Al Rajhi Real Estate Investments.  
**Consultant** : Sulaiman A. Al Rajhi Real Estate Investments Co.  
**Location** : Buraydah City, North East of Al Riyadh City.  
**Area** : 600,000 m<sup>2</sup>.  
**Budget** : \$ 250 Millions.  
**Description** : Residential compound including (450) villas, (136) residential buildings, commercial buildings, mosque, schools, utilities and green areas.  
**Services** : Design networks of electrical power, communication, water supply, sewerage, storm drainage, irrigation, fire fighting systems and roads networks.

## **Al Atteya Tower (2006 - 2007) - Qatar.**

Mr. Abdullah Bin Mohammed Al Atteya.  
 Al Gazeerah Consulting Engineering Office.  
 Al Dafna.  
 (48,00m<sup>2</sup> – Plot Area).  
 \$ 40 Millions.  
 Administrative building consists of (2) basements, ground and (35) typical floors, tower includes (475) car parking, administrative areas, VIP entry, coffee shop, prayers hall and services.  
 Design drawings and documents of electrical and plumbing, fire fighting and HVAC systems.

## **Top Florida Mall (1999 – 2000) – Egypt.**

**Owner** : Arab Houses Company.  
**Consultant** : EGY - French Consulting Group.  
**Location** : Cairo.  
**Area** : 26,000 m<sup>2</sup>.  
**Budget** : \$ 15 Millions.  
**Description** : Commercial and Administrative building consists of (5) commercial floors and (6) administrative floors with a multistore garage.  
**Services** : Design of electrical, air-conditioning, Plumbing and fire fighting systems.

### **Al Zohour Residential Complex (2001-2003) – Libya .**

**Owner** : Pioneer Tourist Development Co.  
**Consultant** : Pioneer Consultant Office.  
**Location** : Tripoli.  
**Area** : Total area 10,000 m<sup>2</sup>.  
**Budget** : \$ 4 Millions.  
**Description** : Type-B building consists of basement, ground and 8 typical floors.  
**Services** : Design of electrical, air-conditioning, plumbing and fire fighting systems.

### **El Nour Tower (2007 - 2007) - Qatar.**

**Owner** : Ali Abd Allah Al Mashhadi.  
**Consultant** : GHD Consultant .  
**Location** : Doha-Qatar.  
**Area** : Total area 24,000 m<sup>2</sup>.  
**Budget** : \$ 28 Millions.  
**Description** : Project consists of (2) basements, ground, first floor, second floor and (22) typical floors.  
**Services** : Shop drawings for electrical, plumbing, fire fighting and air-conditioning systems.

### **Hilton Dream Land Resort Extension (2001-2005) - Egypt.**

**Owner** : Dream Land for Real Estate Development.  
**Consultant** : Associated Consultant.  
**Location** : 6th of October City.  
**Area** : 8,000 m<sup>2</sup>.  
**Budget** : \$ 8 Millions.  
**Description** : Project consists of hotel building – (120) rooms, health club, SPA, swimming pools and conference center.  
**Services** : Design and construction supervision of electrical, air-conditioning, plumbing and fire fighting systems.

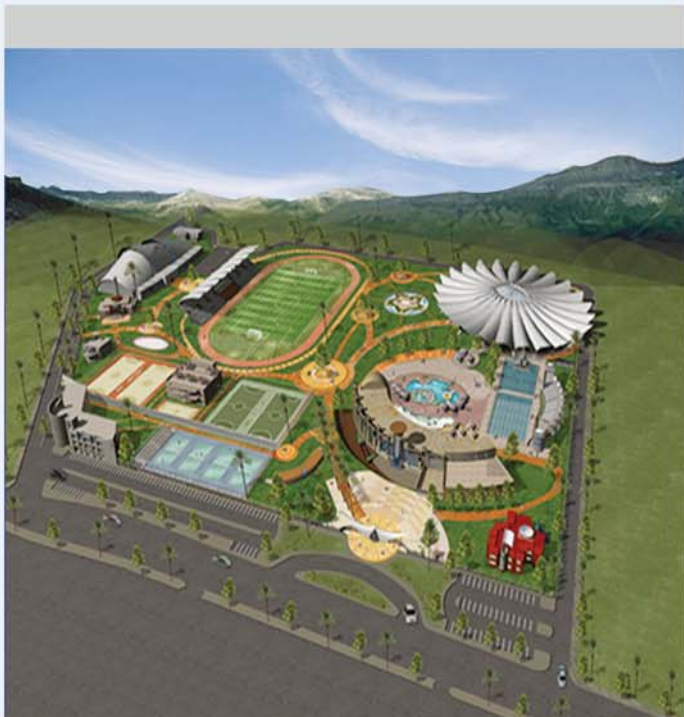

### **Al Sharqa Residential City (2005) – Algeria.**

- Owner : Sheikh Faisal Bin Qassim Al Thani.  
 Consultant : Gettco.  
 Location : Al Sharqa.  
 Area : Total layout area 40,000 m<sup>2</sup>.  
 Budget : \$ 25 Millions.  
 Description : A new residential city divided into units with different types (residential apartments, villas house, club and swimming pool).  
 Services : Design of electrical, plumbing, fire fighting and HVAC systems in buildings.  
 Design of electrical power, communication, water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.

### **Beach Tower (2005-2006) – Qatar.**

- Owner : Sheikh Faisal Bin Qassim Al Thani.  
 Consultant : Architecture Consulting Group.  
 Location : Al Doha.  
 Area : 33,000 m<sup>2</sup>.  
 Budget : \$ 30 Millions.  
 Description : Residential towers consists of (2) basements, (32) typical floors.  
 Services : Shop drawings for electrical, air-conditioning, plumbing and fire fighting systems.

### **Civil Aviation Club (2005 - 2007) - Egypt.**

- Owner : Civil Aviation Association.  
 Consultant : Ahmed Abdin.  
 Location : Cairo.  
 Area : 180,000 m<sup>2</sup>.  
 Budget : \$ 70 Millions.  
 Description : Project is divided into several playgrounds (football, tennis, stadium, swimming pool...etc) and a huge green areas, administration buildings, health club, stores, mosques and administration offices.  
 Services : Design of plumbing and fire fighting systems.  
 Design of water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.

### **(1500) Residential Unit (2004 – 2005) – Algeria**

- Owner : State of Qatar, Ministry of Foreign Affairs.  
 Consultant : Arab Engineering Bureau.  
 Location : Popular Democratic Republic.  
 Area : 200,000 m<sup>2</sup>.  
 Budget : \$ 100 Millions.  
 Description : New residential city consists of 1500 residential units, including commercial centers, health and educational facilities, cultural and recreational centers.  
 Services : Shop drawings for water supply, sewerage, storm drainage, irrigation and fire fighting networks.

### **Waqoud Tower (2006 – 2007) – Qatar.**

- Owner : Qatar Fuel Company -Waqoud.  
 Consultant : Romatre Project Italian Consulting.  
 Location : Dafna - Doha.  
 Area : 43,000 m<sup>2</sup>.  
 Budget : \$ 40 Millions.  
 Description : Office building consists of (4) basements, ground, mezzanine, and (30) typical floor.  
 Services : Design drawings and documents of plumbing, fire fighting, electrical and air-conditioning systems.

### **Al Kanater Country Club Project (2004 – Cont.) – Egypt.**

- Owner : Captain Eissa Elish.  
 Consultant : Consulting Engireeing Office Eng. Hatem Hassan.  
 Location : Al Kanater Resort.  
 Area : 100,000 m<sup>2</sup>.  
 Budget : \$ 45 Millions.  
 Description : Health and country club, surrounded by green and recreational areas, hotel building, hospital, SPA and swimming pool.  
 Services : Design and construction supervision of electrical, air-conditioning, plumbing, fire fighting systems and waste water treatment plant.

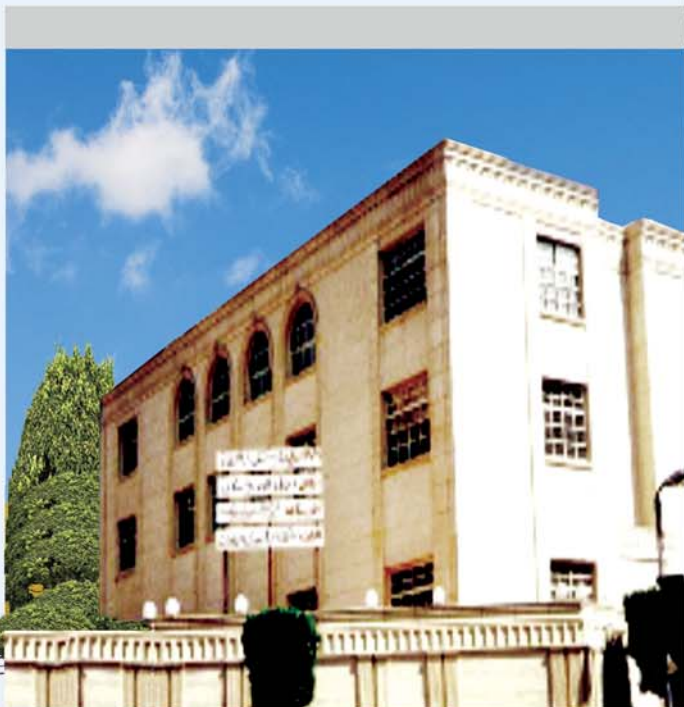

### **Doha Seef Hotel (2006-2006) - Qatar.**

**Owner** : Ismail El Sherif.  
**Consultant** : Arabian Architect Group Consultant.  
**Location** : Old Salate - Qatar.  
**Area** : Total area 15,000 m<sup>2</sup>.  
**Budget** : \$ 13 Millions.  
**Description** : Basement, (10) typical floors, penthouse and roof.  
**Services** : Supervision of electrical, plumbing, fire fighting and air-conditioning systems.

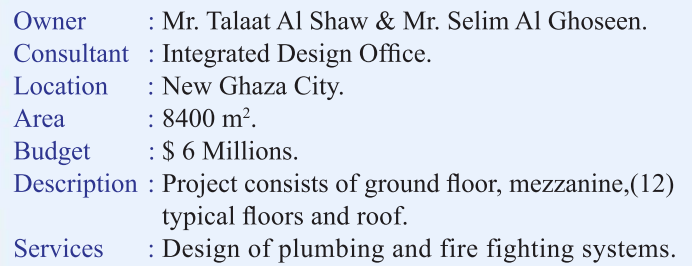

### **Mashary Al Khaled (2002 – 2003) – Kuwait.**

**Owner** : Al Khaled Real Estate Co.  
**Consultants** : Engineering Consulting El Sour Office.  
**Location** : Kuwait.  
**Area** : 3600 m<sup>2</sup>.  
**Budget** : \$ 3 Millions.  
**Description** : Commercial and administrative building consists of basement, ground floor, mezzanine, mechanical floor and (14) typical floors.  
**Services** : Technical studies and design of air-conditioning, plumbing and fire fighting systems.

### **Dar El Shefaa Hospital (2001 – 2002) – Egypt.**

**Owner** : Ministry of Health & Population.  
**Consultant** : Integrated Studies Company.  
**Location** : Abbasia, Cairo.  
**Area** : 3000 m<sup>2</sup>.  
**Budget** : \$ 3 Millions.  
**Description** : (Part C) project consists of basement, ground, first, and second floors, includes operation rooms, ICUS, emergency rooms, stores, external clinics and library.  
**Services** : Design of electrical, HVAC, plumbing, fire fighting and medical gases systems.

Owner	: Sheikh/Ahmed Abdel Kader Ba'ashen.
Consultant	: Abnia Design Consultants.
Location	: KSA.
Area	: Total built up area 20,000 m <sup>2</sup> .
Budget	: \$ 24 Millions.
Description	: Administrative/commercial building consists of (5) basements, ground floor, mezzanine and (14) typical floors, (2) floors consists of villas and roof, tower includes (375) car parking, administrative areas, commercial shops and services.
Services	: preparation of design drawings and documents, technical review report for architecture, structure and electromechanical systems (electrical plumbing, fire fighting and air-conditioning).

Owner	: Suez Industrial Development Company (SIDC).
Consultant	: Bechtel Intl.
Location	: North – West Suez Gulf.
Area	: Total area 8.500.000 m <sup>2</sup> .
Budget	: \$ 70 Millions.
Description	: An industrial zone that has multinational industrial zones, factories, commercial area and employee's residence.
Services	: Design and supervision of electrical power, communication, water supply, sewerage, storm drainage systems, irrigation, fire fighting, roads networks, and technical studies of railways networks.

### Energy City (2006 - 2007) - Qatar.

- Owner : Gulf Energy Holding Company.  
 Consultant : MZ Consultant.  
 Location : Lusail Area.  
 Area : 800,000 m<sup>2</sup>.  
 Budget : \$ 300 Millions.  
 Description : Project consists of (92) construction parcels, including residential building, commercial centers and facility buildings.  
 Services : Design of electrical networks (high voltage, street lighting and telephone ).

### Khurais Commercial Mall (2007 - Cont.) - KSA.

- Owner : Al Othaim Real-Estate Development & Investment.  
 Consultant : El Othaim Consulting.  
 Location : Riyadh City - KSA.  
 Area : 166,000 foot print area m<sup>2</sup>.  
 Budget : \$ 54 Millions.  
 Description : Building consists of basement, ground, first floor, second floor, roof and cinema halls.  
 Services : Design and supervision of electrical, air-conditioning, ventilation, plumbing and fire fighting systems.

### Dar El Salam (Hermal) Hospital (1999 – 2000) - Egypt.

- Owner : Ministry of Health and Population.  
 Consultant : Integrated Studies Company.  
 Location : Cairo.  
 Area : 21,000 m<sup>2</sup>.  
 Budget : \$ 21 Millions.  
 Description : One of the largest hospitals in Cairo; includes (6) floors of health care and medical facilities, operation rooms and a total capacity of (350) care units.  
 Services : Design of electrical, HVAC, plumbing, fire fighting and medical gases systems.

# CERTIFICATE

DPME constantly is continually striving to ensure the highest standards of excellence in engineering services, applying a rigorous quality system of standards that covers quality planning, assurance and control for the overall management, that in compliance with contractual requirements, project procedures and technical standards, ensuring that a given project will satisfy the needs for which it was undertaken.

DPME was awarded the ISO 9001 certificate an accreditation that endorses its systems, to meet the high quality requirements and satisfaction of clients.

**شركة أخوان الشورباجي**  
لاشمال المحيبي والمخبر لاد

**CERTIFICATE**

Elshorbagy Brothers Company certifies that "Design & Projects Management Engineering Company (DPME)", represented by Eng. Ahmed Abbas has prepared design works, bill of quantities and specifications of electromechanical works for the following projects:-

1. Stadium & Social Club - Ministry of Health - El-Dokki City.
2. Entrance Bldg, El Mansha Central Hospital, Sokhag.
3. Ophthalamology Hospital - Road Al-Farag - Cairo.
4. Doctors Residential Hotel - Port Said.
5. Maghagha Hospital - Elmenia.
6. Dair Mawar Hospital, Elmenia.
7. Al-Mansha Hospital - Sokhag.
8. Abou Tachet Hospital - Sokhag.
9. Oldsters Hotel House - Helwan.
10. Masry General Hospital - Elmenia.
11. El-Kabbary Hospital - Alexandria.
12. Entrance Bldg., El-Balinas Hospital, Sokhag.
13. Arvan Hospital - Arvan City.
14. Entrance Bldg., El-Edwa General Hospital, Elmenia.

The works were successfully completed in a professional manner, applying international specifications within contract time.

This certificate has been issued upon the request of "Design & Projects Management Engineering Company (DPME)" without any responsibility on our company.
