

Design & Project Management Engineering Company

DPME 
CONSULTING
ENGINEERS

DPME was founded in 1995 as a company providing design, technical assistance and project management, specialized in MEP system mechanical, electrical, plumbing and infrastructure works. The company provides consulting services to the public and private sectors for a wide range of residential, commercial, industrial and governmental projects, in a successful and efficient respond to the different needs of clients and markets, also to be active internationally to build a multicultural networks that spans to global presence.

Services

DPME is committed to increase its value to clients by providing useful and quality services with cost effective means, while upholding the highest level of ethical conduct, meeting responsibility towards projects of any size and complexity, as well as combining quality and safety with time, efficiency and cost effectiveness.

Technical Studies

- Environmental studies.
- Feasibility studies.
- Roads & transportation studies.
- Hydraulic studies.
- Power studies.

Design

- Design analysis reports, drawings, and calculation sheets.
- Tender drawings, bills of quantities, specifications, contract conditions, and tender procedures plan.
- Tender analysis (technical and - financial analysis recommendation).
- Quantity surveying and cost estimating.
- Shop drawings.
- Value engineering.

Project Management & Supervision Bidding Bidding

- Equipment & material list, cost estimation, contractor - supplier invitation, bidder tabulation, technical & financial analysis, contract award.

Construction

- Supervision, testing, procedure manuals.
- Cost, quality & time control, variation orders, claims and arbitration.

Commission and handover

- Commissioning systems, as-built drawings, punch list, operation manuals and hand-over.

Supervision of facilities management

- Operation & maintenance.

Expertise

DPME has the expertise to provide innovative engineering solutions and services, meeting any project requirements and scope of specialty. Applying this expertise to standardized activities, covers a range of infrastructure and electromechanical engineering fields.

Infrastructure

- Communication network.
- Electrical power network.
- Water supply network.
- Sewage network.
- Fire fighting network.
- Irrigation network.
- Roads and highways.

Electrical

- Power distribution systems.
- Sound system.
- MATV system.
- CCTV system.
- Earthing system.
- Lighting systems.
- Fire alarm system.
- Telephone system.
- Emergency systems.
- Communication systems.

Mechanical

- HVAC systems.
- Medical gases systems.
- Fire Fighting systems.
- Elevators and escalators systems.
- Plumbing systems.
- Special systems.
- Health club, SPA systems.
(laundry, kitchen, boiler stations,
swimming pool....ect.).

Utilities

- Low and medium power stations.
- Water purification plants.
- Water desalination plants.
- Waste water treatment plants.
- Industrial waste water treatment.
- Solid waste plant treatment.

Nile Hilton Renovation & Development (2006-Cont.) - Egypt.

Owner : Misr Hotels Company.

Consultant : Ove Arup & Partners Ltd.

Location : Cairo – Egypt.

Area : 51,000 m²(Plot Area).

Budget : \$ 45 Millions.

Description : Main building and extension - (466) hotel rooms accommodation; main building consists of basement, ground, mezzanine, first, (15) typical floors and roof. Extension building consists of (3) wings, north and east wings are (3) floors height where the south consists of basement and (4) floors.

Services : Preparation of design drawings and documents, provide tender analysis and evaluation for the electrical, plumbing, fire fighting, air-conditioning, boilers, kitchens setting out and decorative lighting systems.

Golden Tower (2005 - 2006) - Qatar.

Owner : Sheikh Faisal Bin Qassim Al Thani.

Consultant : Al Diwan Office.

Location : West Bay - Qatar.

Area : Total area 42,000 m².

Budget : \$ 35 Millions.

Description : Project consists of (3) basements, ground , (31) floors, health club, mechanical floor, lower roof and upper roof.

Services : Shop drawings of electrical, plumbing, fire fighting and air-conditioning systems.

Al Dammam Mall (Al Othaim Group) (2005 - 2007) - KSA.

- Owner : Al Othaim Commercial Group.
Consultant : Diao Consultant.
Location : Al Dammam City.
Area : 300,000 m².
Budget : \$ 275 Millions.
Description : Project is a commercial mall consists of basement, ground, first floor and second floor includes retail shop, recreation, food court, skating, car parking and mosque areas, consists of two buildings connected to each others
Services : by flying bridge over high way road.
Design of electrical, air-conditioning, plumbing and fire fighting systems.

Qassem University Layout – (2009 - cont.) KSA

- Owner : Qassim University.
Consultant : Imar urban consultants.
Location : Qassem - KSA.
Area : 78000000 m².
Budget : \$ 60,000. Millions
Description : The University Layout consists of many collages, central library & supports, sports areas... etc. with 8 millions square meter layout.
Services : Design of Urban design, architectural, structural, electromechanical, infrastructure, road and traffic design.

Dubai Airport (2006) - UAE.

Owner : UAE Government, Civil Aviation Department.

Consultant : Dar Al Handasah.

Location : Dubai.

Area : 600 m² x 8 Units.

Budget : \$ 6 Millions.

Description : (8) electromechanical services units in fifth basement floor- zones (141, C15, C03, C05, C17, C07, 125), including technical services rooms.

Services : Shop drawings for electrical, plumbing, fire fighting and HVAC systems, the drawings includes comprehensive details with full coordination between different electromechanical disciplines.

Ericsson Adcom Building (2004-2005) - Egypt.

Owner : ADCOM company for real-estate investments.

Consultant : Nasr Consultant.

Location : Smart Village - Cairo.

Area : 8400 m².

Budget : \$10 Millions.

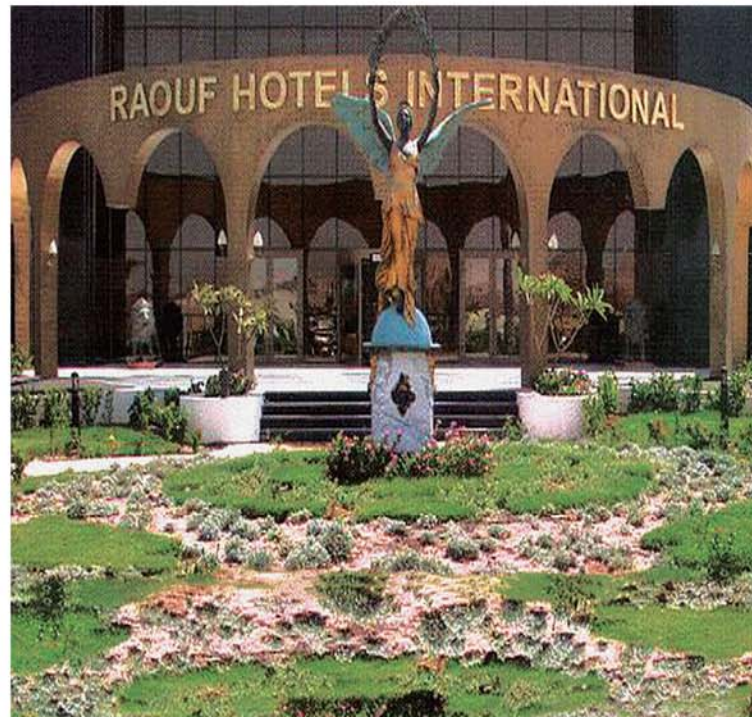

Description : Administrative building consists of ground and five typical floors including meeting rooms, copy center, work stations and waiting area.

Services : Review of design and construction supervision of electrical, air-conditioning, plumbing and fire fighting systems.

Eskan Abo Hagar City (2008) - KSA.

- Owner : Public authority for housing
- Consultant : Al- Shatie for engineering consultant
- Location : Qassem - KSA.
- Area : 418,859,952 m² .
- Budget : \$ 150,000 Millions
- Description : Project consists of residential villas, boy& girl school, malls, masjed, garden, services & admin. building
- Services : Design of urban design , architectural , structural, electromechanical, infrastructure, road and traffic, design.

Al Raouf Hotels (1999 – 2002) - Egypt.

- Owner : Al Raouf Tourist Development Co.
- Consultant : Art & Architectural Office.
- Location : Sharm El Sheikh.
- Area : 70,000 m².
- Budget : \$ 75 Millions.
- Description : Project consists of three, five stars hotels (Moon – Sun – Star) capacity (800) rooms, (3) large swimming pools, (3) children swimming pools, artificial lake, service buildings, recreational areas and employees residence.
- Services : Design and construction supervision of plumbing, fire fighting systems, water supply, sewerage, storm drainage, irrigation, fire fighting networks, waste water treatment and water desalination plant.

Millennium Hotel (2005 - 2007) - Qatar.

- Owner : Nasser Rashid Suraiya Al Kaabi.
Consultant : Al - Sraiya Engineering Consulting.
Location : Al Sadd - Doha City.
Area : 33,000 m².
Budget : \$ 35 Millions.
Description : Project consists of basement floor, ground floor, first floor, typical floors from second to seventh floor (swimming pool, healthy club, kitchens, .. etc).
Services : Construction supervision for electrical, plumbing, air-conditioning, ventilation and fire fighting systems.

International Medical Center (2009-cont.) - KSA

- Owner : Ministry of health.
Consultant : Omrania & Associates architectural & engineering consultants.
Location : Riyadh - KSA.
Area : 9000 m² .
Budget : (\$) 80,000 Millions.
Description : 4 Building Regional laboratory building consists of ground, 1st floor & site services rooms and utilities.
Services : Design of architectural, structural, and electromechanical design.

Niger Islamic University (2002-2003) – Niger.

- Owner** : Saudi Islamic Bank.
Consultant : International Consulting Bureau.
Location : Niger.
Area : 50,000 m².
Budget : \$ 50 Millions.
Description : Consists of (3) administrative buildings, (4) students residence buildings, libraries, restaurants, (4) islamic studies colleges, institution, (7) villas for teachers residence and mosque.
Services : Design of electrical, air-conditioning, plumbing and fire fighting systems.
 Design of electrical power, communication, water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.
 Design of waste water treatment and water desalination plant.

Al Atteya Tower (2006 - 2007) - Qatar.

- Owner** : Mr. Abdullah Bin Mohammed Al Atteya.
Consultant : Al Gazeerah Consulting Engineering Office.
Location : Al Dafna.
Area : (48,00m² – Plot Area).
Budget : \$ 40 Millions.
Description : Administrative building consists of (2) basements, ground and (35) typical floors, tower includes (475) car parking, administrative areas, VIP entry, coffee shop, prayers hall and services.
Services : Design drawings and documents of electrical and plumbing, fire fighting and HVAC systems.

Top Florida Mall (1999 – 2000) – Egypt.

- Owner : Arab Houses Company.
Consultant : EGY - French Consulting Group.
Location : Cairo.
Area : 26,000 m².
Budget : \$ 15 Millions.
Description : Commercial and Administrative building consists of (5) commercial floors and (6) administrative floors with a multistore garage.
Services : Design of electrical, air-conditioning, plumbing and fire fighting systems.

Al Zohour Residential Complex (2001-2003) – Libya .

- Owner : Pioneer Tourist Development Co.
Consultant : Pioneer Consultant Office.
Location : Tripoli.
Area : Total area 10,000 m².
Budget : \$ 4 Millions.
Description : Type-B building consists of basement, ground and 8 typical floors.
Services : Design of electrical, air-conditioning, plumbing and fire fighting systems.

El Nour Tower (2007 - 2007) - Qatar.

- Owner : Ali Abd Allah Al Mashhadi.
- Consultant : GHD Consultant .
- Location : Doha-Qatar.
- Area : Total area 24,000 m².
- Budget : \$ 28 Millions.
- Description : Project consists of (2) basements, ground, first floor, second floor and (22) typical floors.
- Services : Shop drawings for electrical, plumbing, fire fighting and air-conditioning systems.

Hilton Dream Land Resort Extension (2001-2005) - Egypt.

- Owner : Dream Land for Real Estate Development.
- Consultant : Associated Consultant.
- Location : 6th of October City.
- Area : 8,000 m².
- Budget : \$ 8 Millions.
- Description : Project consists of hotel building – (120) rooms, health club, SPA, swimming pools and conference center.
- Services : Design and construction supervision of electrical, air-conditioning, plumbing and fire fighting systems.

Beach Tower (2005-2006) – Qatar.

- Owner : Sheikh Faisal Bin Qassim Al Thani.
- Consultant : Architecture Consulting Group.
- Location : Al Doha.
- Area : 33,000 m².
- Budget : \$ 30 Millions.
- Description : Residential towers consists of (2) basements, (32) typical floors.
- Services : Shop drawings for electrical, air-conditioning, plumbing and fire fighting systems.

Civil Aviation Club (2005 - 2007) - Egypt.

- Owner : Civil Aviation Association.
- Consultant : Ahmed Abdin.
- Location : Cairo.
- Area : 180,000 m².
- Budget : \$ 70 Millions.
- Description : Project is divided into several playgrounds(foot-ball, tennis, stadium, swimming pool...etc) and a huge green areas, administration buildings, health club, stores, mosques and administration offices.
- Services : Design of plumbing and fire fighting systems. Design of water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.

Al Sharqa Residential City (2005) – Algeria.

- Owner : Sheikh Faisal Bin Qassim Al Thani.
Consultant : Gettco.
Location : Al Sharqa.
Area : Total layout area 40,000 m².
Budget : \$ 25 Millions.
Description : A new residential city divided into units with different types (residential apartments, villas house, club and swimming pool).
Services : Design of electrical, plumbing, fire fighting and HVAC systems in buildings.
Design of electrical power, communication, water supply, sewerage, storm drainage, irrigation and fire fighting networks systems.

Ten Tower King Road – (2009 - cont.) KSA

- Owner : United trading Establishment.
Consultant : Technical Electro Mechanical Works Co. LTD.
Location : Jeddah - KSA
Area : 9800 m²
Budget : \$ 20.000 Millions.
Description : Consists of (2) Basement Floor, Ground, Mezzanine, (5) podium floors, 1st floor, 2nd floor & (26) typical floors .
Services : Electromechanical Shop drawing system.

(1500) Residential Unit (2004 – 2005) – Algeria

- Owner : State of Qatar, Ministry of Foreign Affairs.
Consultant : Arab Engineering Bureau.
Location : Popular Democratic Republic.
Area : 200,000 m².
Budget : \$ 100 Millions.
Description : New residential city consists of 1500 residential units, including commercial centers, health and educational facilities, cultural and recreational centers.
Services : Shop drawings for water supply, sewerage, storm drainage, irrigation and fire fighting networks.

Waqoud Tower (2006 – 2007) – Qatar.

- Owner : Qatar Fuel Company -Waqoud.
Consultant : Romatre Project Italian Consulting.
Location : Dafna - Doha.
Area : 43,000 m².
Budget : \$ 40 Millions.
Description : Office building consists of (4) basements, ground, mezzanine, and (30) typical floors.
Services : Design drawings and documents of plumbing, fire fighting, electrical and air-conditioning systems.

Al Kanater Country Club Project (2004 – Cont.) – Egypt.

- Owner : Captain Eissa Elish.
Consultant : Consulting Engineering Office Eng. Hatem Hassan.
Location : Al Kanater Resort.
Area : 100,000 m².
Budget : \$ 45 Millions.
Description : Health and country club, surrounded by green and recreational areas, hotel building, hospital, SPA and swimming pool.
Services : Design and construction supervision of electrical, air-conditioning, plumbing, fire fighting systems and waste water treatment plant.

Doha Seef Hotel (2006-2006) - Qatar.

- Owner : Ismail El Sherif.
Consultant : Arabian Architect Group Consultant.
Location : Old Salate - Qatar.
Area : Total area 15,000 m².
Budget : \$ 13 Millions.
Description : Basement, (10) typical floors, penthouse and roof.
Services : Supervision of electrical, plumbing, fire fighting and air-conditioning systems.

Mashary Al Khaled (2002 – 2003) – Kuwait.

- Owner : Al Khaled Real Estate Co.
Consultants : Engineering Consulting El Sour Office.
Location : Kuwait.
Area : 3600 m².
Budget : \$ 3 Millions.
Description : Commercial and administrative building consists of basement, ground floor, mezzanine, mechanical floor and (14) typical floors.
Services : Technical studies and design of air-conditioning, plumbing and fire fighting systems.

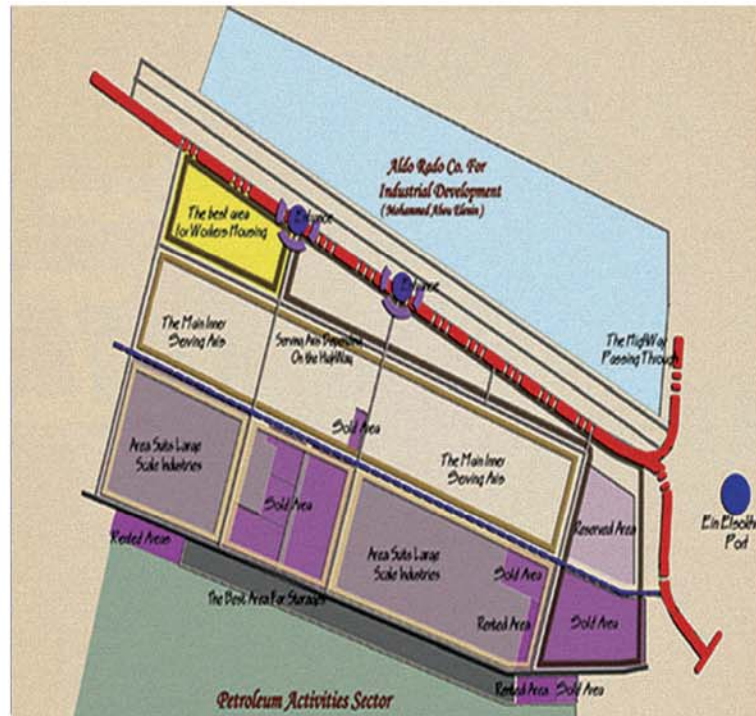

Jabal Al-Kabah Hotel – (2009 - cont.) KSA

- Owner : Abdul latif Jameel Real Estate Investment Co. Ltd.
Consultant : Dar Al-Handasah.
Location : Makkah - KSA.
Area : 6850 M² (floor area).
Budget : 120 Millions (\$).
Description : Project Consists of hotel building – 3Basement + Ground +29 Typical Floor.
Services : Owner representative and project management.

Al Janayen Office Building (2007) Ksa.

- Owner : Sheikh/Ahmed Abdel Kader Ba'ashen.
 Consultant : Abnia Design Consultants.
 Location : KSA.
 Area : Total built up area 20,000 m².
 Budget : \$ 24 Millions.
 Description : Administrative/commercial building consists of (5) basements, ground floor, mezzanine and (14) typical floors, (2) floors consists of villas and roof, tower includes (375) car parking, administrative areas, commercial shops and services.
 Services : preparation of design drawings and documents, technical review report for architecture, structure and electromechanical systems (electrical plumbing, fire fighting and air-conditioning).

First industrial Special Economic Zone Project (2000 – 2007) – Egypt.

- Owner : Suez Industrial Development Company (SIDC).
 Consultant : Bechtel Intl.
 Location : North – West Suez Gulf.
 Area : Total area 8.500.000 m².
 Budget : \$ 70 Millions.
 Description : An industrial zone that has multinational industrial zones, factories, commercial area and employee's residence.
 Services : Design and supervision of electrical power, communication, water supply, sewerage, storm drainage systems, irrigation, fire fighting, roads networks, and technical studies of railways networks.

Movenpick Al Riyadh Hotel – (2009 - cont.) KSA

- Owner : Mohamed Bin A. Al Rajhi (Manafee Co.)
Consultant : Design & Project Management Engineering co.
Location : Riyadh - KSA
Area : 9800 M² (floor area)
Budget : 55 Millions (\$)
Description : Hotel building contains of 2 basements, ground, mezzanine, 7th typical northern floors, 7th typical floors southern and roof floors.
Services : Project management & co-ordination services for MEP systems.

Khurais Commercial Mall (2007 - Cont.) - KSA.

- Owner : Al Othaim Real-Estate Development & Investment.
Consultant : Al Othaim Consulting.
Location : Riyadh City - KSA.
Area : 166,000 foot print area m².
Budget : \$ 54 Millions.
Description : Building consists of basement, ground, first floor, second floor, roof and cinema halls.
Services : Design and supervision of electrical, air-conditioning, ventilation, plumbing and fire fighting systems.

Apartment Tower "Al Dokhan – (2009 - cont.) Qatar

- Owner : Sheikh Meshal Bin Abdul Rahman Al Thani
Consultant : Design & Project Management Engineering co.
Location : Doha – Qatar
Area : 1500 M² (floor area)
Budget : 30 Millions (\$)
Description : The building consists of basement, car parking, ground & 32 typical floors.
Services : Constructing and completion of Electrical works.- Shop drawing preparation of Electrical and mechanical works.
- Technical Support for mechanical contractor, site advising, items technical counting & surveys and bill preparation.

Beverly Hills City – (2002 - 2004.) Egypt

- Owner : Investment Co. (SODIC)
Consultant : Turner International cooperate with Integrated Design Office
Location : 6th of October city - Egypt
Area : 2536 Acres
Budget : 40 Millions (\$)
Description : Project includes residential buildings, commercial center, administrative buildings, university, hospital, cinema complex & international school..
Services : Design of water supply, sewerage, storm drainage, irrigation and fire fighting networks & systems of zone four. (Town Houses)

Al-Yasmein International for Trade & Contracting
K.S.C. - مسقط - عمان

CERTIFICATE

Al-Yasmein International for Trading and Contracting company certifies that "Design & Projects Management Engineering Company (DPME)" represented by Eng Ahmed Abbas has prepared designs, bill of quantities and specifications of Electro-mechanical works in addition to the supervision works of **El-Yasmein Green Land - 6th Oct. City PROJECT (247 villa, 80 feddan) SS follows:**

1. Plumbing design.
2. Subservices drainage design.
3. Automatic irrigation System networks by sprinkler.
4. Man & Children Swimming Pool of social club.
5. Private Swimming Pools

The works were successfully completed in a professional standard applying international specifications and within contract time.

This certificate has been issued upon the request of "Design & Projects Management Engineering company (DPME)" without any responsibility on our company.

AI ATTEYA TOWER

AI GAZERAH CONSULTING ENGINEERING OFFICE "GCE" hereby certifies that Design & Project Management Engineering Company "DPME" and its branch in Qatar United Arab Consulting "UAC" have prepared design drawings and documents for the architectural, Structural & MEP systems of above mentioned project described as follows:

Owner : Mr. Abdullah Bin Mohammad Al Atteya
Location : Al Dafna - Qatar
Area : 5700 SQM - Plot Area
Project Budget : \$ millions
Description : Administrative Building consists of (2) basement, ground and (35) floors, tower included (475) car parking, administrative areas, VIP entry coffee shop, prayer hall and services

Service : Design drawings & documents of the architectural, Structural & MEP systems

The works were successfully completed in a professional standard, applying international specifications and within contract time. This certificate has been issued upon the request of DPME & UAC without any responsibility on GCE.

Best Regards,
Al Gazerah Consulting Engineering Office

CERTIFICATE

ROMATRE PROJECT ITALIAN CONSULTING FOR ARCHITECTURE AND CIVIL ENGINEERING certifies that "Design Project Management Engineering Co, DPME" & its regional office in Qatar "United Arab Consulting, UAC", represented by Eng. Ahmed Mohamed Abbas, completed the required Design drawings services of Electro-mechanical items for the following Project:

WOQOD TOWER

Owner : Qatar Fuel Company (WOQOD)
Location : Al - DAFNA - DOHA

Project Description : Office Building consist of 4 Basement, ground, Mezzanine, and (3) floors

Services Provided : Design drawings & documents of plumbing, fire fighting, electrical and air conditioning

Project Estimated Cost : US \$ 45 Millions

The above mentioned works were successfully completed in a professional standard & within contractual time. This certificate is issued upon the request of "DPME" without any responsibility on ROMATRE.
